

Voeg vervolgens de volgende selectors aan je CSS-bestand toe. Let op de eigenschap **float: left!**

```
article {
  float: left;
  border-style: solid;
  border-width: 1px;
  margin-right: 1em;
  margin-bottom: 1em;
  padding: 1em;
}
aside {
  float: left;
  border-style: solid;
  border-width: 1px;
  padding: 1em;
  border-radius: 1em;
  background-color: #FFFC0;
}
```

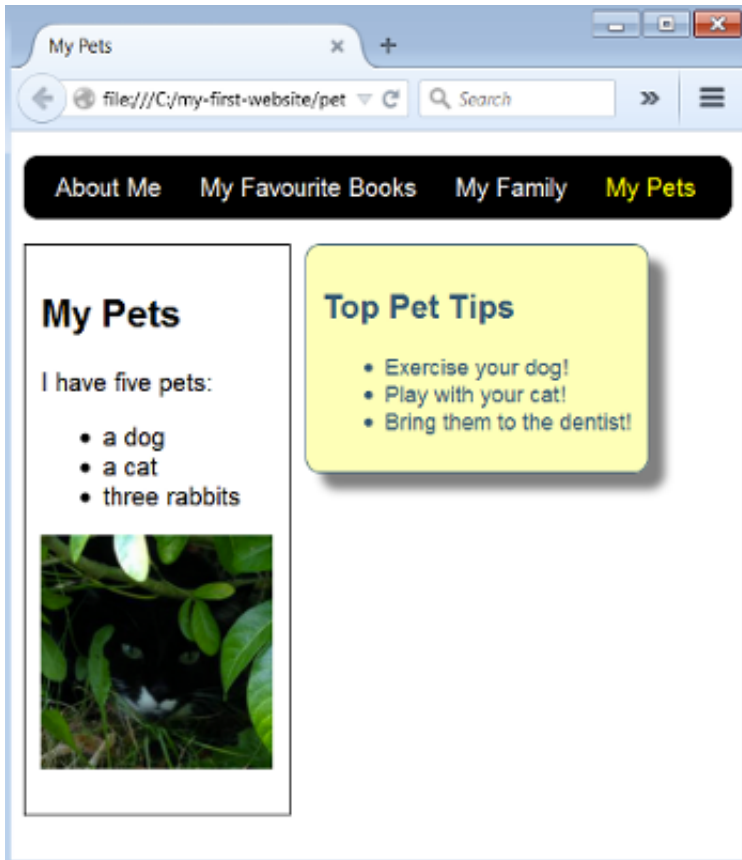

browser breed

browser smal

Oefening!

Kun je de stijl van de pagina zodanig aanpassen dat deze er als volgt uitziet?

Tips:

```
box-shadow: 10px 10px 5px gray;
color: #2F5670;
list-style-type: square;
font-size: 1em;
```

Experimenteer met deze CSS eigenschappen!

```
opacity: 0.5;
transform: rotate(30deg);
```

```
aside:hover {
  transition:
    1s ease-in-out;
}
```

```
border-style:dotted;
```
